Course Description:
Let’s face it, we all like getting paid! And, there’s a lot to know about such topics as the CSM pay schedule and what does all that information on your pay stub actually mean? The Payroll Department will clear all that up for you in their Payroll Sense course. A detailed review of the pay schedule, associated deadlines and all the codes you may see on your stub will be discussed. Other topics will include correctly completing the time sheet, contract payments, where to find important documents, wage/hour laws and how the laws protect each employee. A hands-on demonstration of employee on-line express services will also be included.

Audience:
• All CSM employees are encouraged to attend

Course Length:
• 1.5 hours

Course Outline:
• Pay highlights

Course Outline (cont’d):
• Contract payments (i.e. stipends)

• Wage and hour laws
